Hello, as a long time resident of Dover I would like to support the pedestrian safety ordinance by David Anderson. I am an older lady who has been approached by people standing in the median near house and at Sam's Club and do not feel as safe in Dover as I used to. Many of these people refuse food when given to them, and are not truly homeless, just waiting for someone to give them money until they change out with someone else for the next shift. Our town is not what it used to be and something needs to be done. Thank you.
